85 Update from the East Grinstead Sports Council

Mr Bob Shelley gave an update on the works of the Sports Council. He explained the History of the sports council, which was set up in 2009. He advised that so many clubs attend, along with local council representatives and interested members of the public. All are welcome.

The group have a work plan to support local sport, the quarterly forum and a sports digital platform.

New participants and new sports are always welcome. This year there has been significant work with the cyclists clubs to promote this activity.

The group have also completed some work on the landscaping contract, the playing fields and other sports provisions, working with Glendale (new MSDC contractor) as a co ordinated approach to improve these. Bringing the East Court playing fields back in to use via the contractor and EGMEL.

The Imberhorne farm development is of interest as the sports opportunities there are excellent and if these can be secured to improve sports community facilities this year the sports council will work on this if they can.

The sports council will also look to support health improvements and encourage people to be more healthy, Kidicalmass is a good example of this and will help take the pressure off the NHS.

The group will continue to support growth of clubs and new sports coming into the town. Paddle tennis, bike busses (working with the council) and any new opportunities.

He asked the council to support the playing pitches strategy which was started by MSDC in 2020. An indicative action plan identified several projects to come forward,

and none of these have as yet in the East Grinstead area. Support to resurrect this plan and bring the MSDC investment to the north of the district would be helpful.

Questions followed about ladies and girls sports, are these clubs still coming forward? Yes there are a large number of ladies and girls groups and more coming.

Cllr Belsey advised that the MSDC priority report was stymied by covid and may need re raising at MSDC.

Cllr Gibson advised as to the amount of S106 funds that are available to be used. He commended the Imberhorne developers who are going to provide the facilities rather than simply provide funds. He agreed it was East Grinstead's turn following investment at Burgess Hill and Haywards Heath. He did commend the sports council on the work that they have undertaken.

The Clerk advised that she had met with the new officers (community development and landscaping) Phil Cox and Sam Smith and advises that Mr Shelley should seek to meet with them, re aspirations for the pitches and the MSDC green spaces.

The Deputy Mayor gave a vote of thanks for his update, the work of the sports council and the passion that Bob and his whole group demonstrate to continually improve the sport and the facilities in the area is evident.

86 Casual Vacancy

The Town Mayor updated the Council as to the current process. We have not had confirmation of the details around the count, but when the Clerk gets this she will let Cllrs know for information. Cllr Gibson advised it is likely to be on the Sunday.
