#### 368 CHAIRMANS ANNOUNCEMENTS

The Ashplats Wood SANG is considering the need for improvements to the SANG route, They have a quote for a 1.5m wide, 104.5m long stretch of boardwalk to span the worst stretch of the Ghyll Steps. Next it is proposed to look at what additional stretches would benefit from upgrading (probably through a more traditional timber-edged, bound gravel

surfacing solution), with a particular focus on the areas being brought to our attention by East Court Parkrun. They are consulting with the steering group members (which include the Chair of this Committee and the Clerk). The costs would be met from the existing SANG funds. It was asked what the materials would be, and it will be a mix like the 1km walk currently is.

We understand that residents around the old police station (although not the East Grinstead Town Council) have received a letter asking for their views as to a conversion of the old police station to flats. The Clerk has approached the developer to ask that they contact the Council in order to learn more.

369 DELEGATED DECISION

The Chair advised that the member of the public who contacted the council was very keen to receive this letter, due to the impending roadworks. Although it was not believed that the works could be approved in his timescales, it was however agreed as a delegated decision, just in case.

We understand this will now go through the process at County. The Clerk had spoken with the County Councillor before consulting with the chair and VC as he had held extensive conversations with the residents in the area and was supportive of the TRO.

The Committee noted the decision.
